FOR MARTIN FOR SENATOR.

Mr. Jones is for Hon. Thomas S. Martin for United States senator. To a Dispatch man who asked him yesterday concerning his preference, he said that he would not have accepted the nominal tion with instructions.

Mr. Lamb took the floor after the report had been made, and spoke at considerable length in favor of seating the Gardner delegates. Mr. Lawrence replied to him, and then Mr. Lawrence's Democracy, claiming that by his own words he had shown himself not to be a Democrat. It was at this point that the only stormy scene of the con-vention occurred. Mr. Dennie O'Neil was seated next to Mr. Lawrence, and in the heat of debate Mr. Lamb tossed some re heat of debate Mr. Lamb tossed some re-cords to Mr. Lawrence. He missed his mark, however, and the books fell in Mr. O'Nell's lap. This incensed that gentle-man, and in a moment he was on his feet

John Coalter took a hand in the debate and espoused Mr. Gardner's cause, and finally Mr. Lawrence moved to divide the delegation from Hardin's as between Naupin and Gardner. This, after considerable sparring, was agreed to, and Messrs. Brauer and Jones were chosen by the Maupin men, while Messrs. Collins and Heckler were named by the Gardner men. NOMINATIONS ARE MADE. Mr. J. L. Armbrecht nominated Mr. Jones Mr. Lawrence seconding nomination in a short speech, and Coalter placed the name of Thomas Gardner before the convention.

After a short pause nominations were declared closed, and then it was that the Gardner men realized the combination against them. They had expected that Mr. Maupin would be nominated, and so much perturbed were they that Mr. Coal-ter withdrew the name of Mr. Gardner Mr. Lawrence then moved to make Mr. Jones's nomination by acclamation, bu Mr. Lamb tried to get the floor and plac the name of Maupin before the conven-tion. Mr. Joseph Button, of Appomatiox secretary of the State Democratic Comfuesday night, for the purpose of considering the complication that has ariser n Warwick county, and to endeavor, if possible, to bring about a settlement of the differences there.

At a meeting of the chairmen Thirty-eighth Senatorial District, held recently, for the purpose of fixing a time to meet, Messrs. J. H. Crafford and E. Madison appeared, both claiming to be chairman of the Warwick County Committee. The other eight chairmen presen were unable to determine who was the chairman, and they dopted a resolution asking the State Executive Committee to determine for hem; hence the call.

"I have refrained carefully up to this time from making any public estimate of strength. The people of the various coun ties and cities have this matter in their hands. No man or set of men can take it out of their hands and forecast the result exactly. I cannot name always be forehand who will run in a county, no can I tell certainly whether he will be commanded if he does run. I leave such predictions and prearranged results to other people. They seem to have a monopoly of that kind of boasting. I can ay to you, however, and feel that I have low waited long enough to base tatement upon some good and reliable aformation, that I believe I shall have etween sixty-five and seventy of the Democratic senators and delegates in the next Legislature."

COMPLEXION OF LEGISLATURE.

It is rather interesting in view of Gov ernor Tyler's claim of from sixty-five to seventy votes to note that if the coming seventy votes to note that if the coming Legislature has no more anti-Democratic members than the present body it will take sixty-six votes to nominate. Last seasion there were five anti-Democratic voters in the House and five in the Sen ate, making ten altogether. The chances are, though many seem to fear Demo-eratic losses, that the aggregate of Democratic votes next session will be as large as the last. In the estimate given out by the Martin people at Manassas the opposition was allowed twenty-five members All five seats in the Senate not now held by Democrats are to be filled this year and in several of these districts Demo-crats will undoubtedly be sent. The Tenti District, for instance, was represented by Hon. J. G. McCune, of Shenandoah, a Republican, whose election was due to factional trouble among the Demograts of the district. These differences have now been healed, and the district who back in line this year, it is thought. Fourth District was represented last res-sion by Hon. M. H. Claytor, of Roanoke, an Independent. LOOKS BAD FOR NEUFELDT.

Evidence Points to Him as Mrs.
Kronman's Murderer.
NEW YORK. August 17.—William Neufeldt, who was arrested last night on the charge of having murdered Mrs. Nathan Kronman, at her home, in this city, on August 7th, was identified to-day by the pawnbrokers with whom he pawned some of the jewelry that had belonged to the murdered woman, by the barber who shaved off Neufeldt's mustache after the murder, and by a Mrs. Innes, who lives on the first floor of the flat house in which the Kronmans resided.

Neufeldt had told contradictory stories about the jeweiry, but when he was positively identified by each as he atood in the line of policemen at headquarters, he was forced to admit the truth of the identifications. When Mrs. Innes pointed out Neufeldt as the man in black who had called on the day of the murder and asked where the Kronmans lived, the prisoner broke down and said; "It's all up with me now."

Wires Down Between This City and Norfolk and North Carolina.

The hurricane which brought such damage to Porto Rico has arrived off the Virginia coast, and Norfolk is now in its grasp. The tall end of the storm struck Richmond last night but did no damage here. A heavy gale was blowing during the entire night, but the wind was not sufficient in velocity to cause

uneasiness here.

The Postal Telegraph Company early in The Postal Telegraph Company early in the evening lost all of its wires into Nor-folk, but at a late hour last night they still had communication with Portsmouth. The Western Union reported their wires in working order between Richmond and Norfolk, but they were considerably damaged along the Carolina coast. They had no communication last night with cities on the eastern shore of North Car-oline.

The last advices received by the Postal Company from Norfolk were to the effect that the storm was the worst that city had ever experienced. Much of the city was under water. A light rain began to fall soon after

midnight and continued for some hours. At 3 o'clock this morning the thermometer was 70 CAPTAIN POWER DEAD.
